Dear Edith,

I am writing on behalf of our ladies from Two GATES "BRIGHT HOUR". We are all very sorry your mother suffered such a long illness, we have talked about her so often in our class, and although it's been a long time since she was able to come to us, she has always seemed close, because she never forgot us. She did such a lot for our class, and was such a good President,

always giving us a lovely message each week. She set a good standard for herself, and always lived up to it, and

I know you must all be proud of the good deeds she has done throughout her life.

I hope you will begin to feel better soon, although you will miss her for a long time, but isn't it nice to know you have always been a lovely daughter to her?

Will you please accept the donation enclosed from our members, and also our best wishes, to yourself, and your husband and family.

Yours Sincerely
Lillian Billingham.
